

I am against the FCC overriding Indiana's "no call" law. since we put our name on the no call list we have received no (0) solicitor calls. Before putting our name on this list, we were receiving 6 to 10 calls per week. Most of the time the calls came at dinner time or during our evening family time. Therefore, we are against loosening the rules as enacted in the Indiana law.

Thank you,

Richard and Sharon Fife
